CROSS COUNTRY MANUFACTURING

Engineered for today. Built for a lifetime.

402SDX SIDE DUMP

Cross Country Manufacturing's Side Dump trailers provide superior stability and handle the road like no other.

Cross Country Manufacturing's Side Dumps are in a class of their own, designed to handle the stresses of hauling day after day, and built to hold up in the harshest conditions.

Our Side Dump lineup meets North America's diverse geographical requirements. With controlled dump action, the SDX has improved unloading stability and exceptional clean-out. Our side dumps are manufactured in Canada using premium steels, thereby reducing tare weight and optimizing payload for the long haul.

CROSS COUNTRY MANUFACTURING
Engineered for today. Built for a lifetime.

402SDX SIDE DUMP

Options

- Wired (in-cab) or Wireless remote controls all functions, including tarp operation, dump cycle, lift axles, and air ride dump.

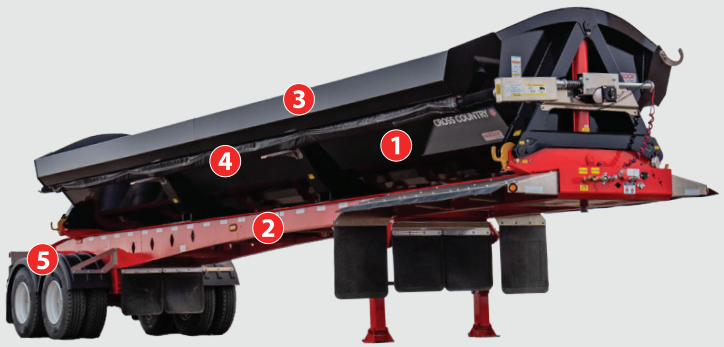
Wired

Wireless

- Sidewall extension kit
- Vinyl tarp material
- Tarp safety lockout switch
- Double/Train spec includes pintle hook, hydraulic, air and electrical requirements for pup trailer
- Aluminum wheels with dual or wide base
- Custom colour options
- Lift axles
- Strobe lamps
- Axle configurations: 2 - 6 axles

Additional Features

- Flex corners inside uniquely-designed tub eliminates corner cracking
- No centre divider inside tub
- Hendrickson 30K air ride suspension delivers superior load stability, durability, and a smoother ride
- Upgraded hydraulics integrate relief and rotary valve functions into a single manifold, eliminating external valves while simplifying plumbing, improving reliability, and reducing maintenance



1. A-Frame pedestal supports the cylinder and hinge structure, for increased hinge strength during dump cycle
2. Heavy-duty 2-speed landing gear with self-leveling sand shoe
3. Aluminum front fenders with rubber belting
4. 25K axles with parallel TP axle ends increase bearing life and reduce rolling resistance for improved efficiency (includes camshaft enclosures and dust shields)

Features

1. Hardox® 450 premium wear plate material provides exceptional durability, available in 3⁄16" & ¼" thicknesses
2. Fabricated frame and crossmembers constructed from 100,000 psi hi-tensile premium steel
3. Oversized, integrated top sill constructed of 100,000 psi hi-tensile premium steel
4. Electric side-roll tarp protected by top rail, with mesh or vinyl tarp material
5. Plastic half moon rear fenders

1. Removable push block
2. 5" or 6" hydraulic lift cylinders
3. Premium automotive finish
   - Standard colours black, white and silver with custom colours available
4. Truck-Lite harness & LED lamps
5. Bolt-on aluminum tail light brackets
6. Body dumps both sides without repositioning the cylinders

MY INNER + STRENX™ HARDOX® IN MY BODY

The Cross Country Side Dump Trailer proudly displays the Hardox® In My Body and My Inner Strenx® signs, certifying the high-quality manufacturing standard we provide to our customers.

LEVEL CAPACITY: 21.7 yd³ | HEAPED CAPACITY: 33.7 yd³
