

# CROSS COUNTRY MANUFACTURING

Engineered for today. Built for a lifetime.

**Cross Country Manufacturing's Scrap Lineup is the superior choice for efficiently transporting and managing scrap materials on your worksite.**

With a sturdy design and customizable features, this specialized trailer facilitates the easy loading, transport, and unloading of metal scrap and other debris, promoting a streamlined and cost-effective process for recycling and waste management in industrial settings.

Our scrap haulers are manufactured in Canada using premium steels, thereby reducing tare weight and optimizing payload for the long haul.
